

# SALINE SOLUTION

Helping Christian healthcare professionals bring  
Christ and his good news into their work

Saturday, 11 April 2026 | 10am-5pm

**Grosvenor Baptist Church, D06 AH26**

Dublin Day Conference 2026

# WELCOME

## MARK PICKERING CMF CHIEF EXECUTIVE

CMF's first ever Dublin Day Conference marks a significant moment for Christian healthcare professionals across Ireland.

We believe that for the first time,

CMF is gathering in Dublin to connect, encourage, and equip those seeking to follow Jesus in medicine. If you're considering joining us, this day offers a fresh opportunity to be part of a growing, interdenominational community shaped by a shared calling.

CMF brings together doctors, nurses, midwives, students, physician associates, anaesthesia associates, and others across the healthcare landscape. We are a fellowship, spanning generations and specialties, committed to supporting one another as we live and speak for Jesus in our workplaces.

This day will reflect that mission. Through teaching, fellowship, and conversation, you'll find space to grow in confidence, and meet others who understand the pressures and possibilities of healthcare. Our vision is simple: healthcare professionals reflecting God's heart for humanity. If that resonates with you, we would love you to join us.

Prices include training resources, lunch and refreshments

## SALINE SOLUTION

### Bringing faith into healthcare

Christian health professionals have a unique opportunity to support both the physical and spiritual wellbeing of their patients, yet many find it hard to integrate faith into practice within tight time and legal limits.

Research increasingly shows the link between spirituality and health (1), and regulatory guidance affirms that faith-related conversations are appropriate when handled with sensitivity and respect (2, 3).

Christians are called to be “the salt of the earth.” Saline Solution helps Christian healthcare professionals to bring Christ and his good news into their work. It helps you feel more confident offering whole-person care.

The course equips you to recognise opportunities to encourage colleagues and patients to take one step closer to God, sharing the gospel with sensitivity, respect, and genuine care.

## TRAINERS

**James Tomlinson** is a Birmingham-based GP, and Head of Volunteers and Networks at CMF. He enjoys supporting healthcare professionals in integrating faith with clinical practice, encouraging confidence, compassion, and a deeper sense of working with and for Jesus in their daily roles.

**Mark Pickering** is the Chief Executive of CMF, and a secure environment GP. He first experienced Saline as a medical student, and it changed his life! He is always excited to be reminded of the power of these principles that can transform our approach to faith sharing and be used in almost any context!

**Debby Edwards** is a GP and specialty doctor in palliative care in Liverpool. She is passionate about guiding patients toward spiritual health in Jesus and is eager to equip and empower colleagues to do the same with confidence and joy.

1. Spiritual values and skills are increasingly recognised as necessary aspects of clinical care: Culliford L. 'Spirituality and Clinical Care.' BMJ 2002; 325:1434-5

2. Personal beliefs and medical practice – guidance for doctors. GMC April 2013

3. Guide to Professional Conduct and Ethics for Registered Medical Practitioners. Irish Medical Council 2019
